

1. STATEMENT OF CONTEXT AND PURPOSE

The School is committed to the safety of its students. Under the *Child Wellbeing and Safety Act 2005* (Vic), the School must investigate and report to the Commission for Children and Young People allegations of 'employee' reportable conduct. This policy sets out the School's approach to complying with the reportable conduct scheme. This policy operates together with the Mandatory Reporting Policy and the Child Safety Policy and Procedure.

2. APPLICATION

4. REPORTABLE ALLEGATIONS PROCEDURE AND OBLIGATIONS

The School has specific obligations under the Reportable Conduct Scheme. To assist the School in meeting its obligations under that Scheme, all staff (including Employees), parents, students, visitors and contractors have responsibilities in relation to Reportable Allegations. This section of the Policy outlines these various obligations and responsibilities.

4.1 MANDATORY REPORTING – REPORTABLE ALLEGATIONS

All staff (including Employees), parents, students, visitors and contractors must immediately after becoming aware of conduct that might amount to a Reportable Allegation, report the matter to a Child Safety Officer.

The Child Safety Officer must then notify the Principal of the matter.

Reportable Allegations may also be made by persons external to the School, in the manner described above.

Any person may also disclose a Reportable Allegation directly to the Commission. However, reporting the Reportable Allegation to the Commission does not displace the requirement to notify a Child Safety Officer of the matter.

If a child is at immediate risk of abuse or danger the Victoria Police should be contacted without delay on 000; with subsequent notification to a Child Safety Officer.

4.2 OBLIGATIONS ON THE PRINCIPAL

Following receipt of a Reportable Allegation, or the Principal otherwise becoming aware of a Reportable Allegation against an Employee, the Principal must:

- **Manage Immediate Risks:** Manage any immediate risks to children, which for allegations of suspected Reportable Conduct, will involve reporting to the Victoria Police;
- **Notify:** Ensure the Commission is notified in writing within 3 business days of becoming aware of the Reportable Allegation of the following:
 - that a Reportable Allegation has been made against an Employee;
 - the name and date of birth of the Employee concerned;
 - whether Victoria Police has been contacted about the Reportable Allegation;
 - the address and telephone number of the School; and
 - the Principal's name.
- **Investigate:** As soon as practicable, investigate the Reportable Allegation or permit an independent investigator to do so (subject to police clearance on criminal matters). The Principal must inform the Commission of the person conducting the investigation. The investigator must provide information or documents obtained in the investigation to the Commission if the Commission makes such a request.
- **Update:** Notify the Commission in writing within 30 business days of becoming aware of the Reportable Allegation of the following:
 - detailed information about the Reportable Allegation;
 - whether or not the School proposes to take disciplinary or other action in relation to the Employee concerned and the reasons for this decision; and
 - any written submission made by the Employee concerned regarding whether disciplinary or other action should be taken.

4.3 REPORTABLE CONDUCT ALLEGATION INVESTIGATIONS

Allegations of suspected Reportable Conduct will be reported to Victoria Police as the first priority, who will maintain the primacy of an investigation.

The School will work with Victoria Police and the Commission to ensure:

- allegations of criminal conduct are dealt with appropriately; and
- any internal investigation, aimed at gathering and examining information to establish and make findings in relation to allegations of child abuse against an Employee, does not interfere with police investigations.

Any investigation initiated by the School, may include recommendations about what disciplinary or other action should be taken (if any).

In circumstances where the School is unable to investigate or otherwise engage an independent person or body to investigate a Reportable Allegation, the School will work with the Commission, to the greatest extent possible, to support the Commission's independent oversight and investigation into the matter.

4.4 PROCEDURAL FAIRNESS

Determinations made with respect to Reportable Allegation are required to be made on the balance of probabilities, following principles of procedural fairness.

In response to a Reportable Allegation, the School must:

- obtain clearance from Victoria Police, if the allegation is criminal in nature, before initiating a workplace investigation; and
- before any findings are made or disciplinary action taken:
 - notify the Employee the subject of the allegation of details of any adverse information that is credible, relevant and significant. This need not be at the time the Commission is notified so as to ensure an investigation is not compromised; or at all, in circumstances the allegations is fictitious.
 - provide the Employee the subject of the Reportable Allegation a reasonable opportunity to respond to that information.

Any person that is the subject of a Reportable Allegation may choose (but is not obliged) during the course of an investigation, to give information or documents that support their version of events; or prove/disprove any fact or issue being investigated.

In circumstances where other allegations or concerns are identified the additional information will be considered by the investigator, and may add or change the nature and/or scope of the Reportable Allegation.

Interviews with witnesses, management, other staff, the Employee and/or victim of the allegation may be undertaken by: the Victoria Police; the School; an independent investigator engaged by the School; the Commission or other regulator; with expert opinion or advice (such as from a specialist medical practitioner or legal counsel) obtained during a workplace investigation as deemed required.

5. INTERACTION WITH MANDATORY REPORTING POLICY AND CHILD SAFETY POLICY

This Policy operates in conjunction with the Mandatory Reporting Policy and the Child Safety Policy. The obligations under the Reportable Conduct Scheme are in addition to the obligations set out in the Mandatory Reporting Policy and the Child Safety Policy.

For the avoidance of doubt, conduct that is reportable under the Mandatory Reporting Policy and the Child Safety Policy also constitutes Reportable Conduct under this Policy.
